INSTRUCTIONS / WARRANTY

Model No : SCS12
CERAMIC SHINE HAIR STRAIGHTENER
IMPORTANT SAFEGUARDS

Thank you for purchasing your new Salton Ceramic hair straightener. This slim style straightener is ideal for all hair types and the ceramic coated blades ensure that you can obtain a sleek, shiny looking style.

When using electrical appliances basic safety precautions should always be followed:
1. Read all instructions and save them for future reference.
2. Always ensure that the power used, corresponds with the one indicated on the rating label.
3. Do not cover the unit with anything.
4. Never immerse the unit, plug or power cord in water, or for the plug or cord to come into contact with water.
5. Close supervision is necessary when the appliance is used near, or by children or invalids.
6. If necessary to rest the straightener whilst heating up or in use, always place the unit on a flat heat resistant surface.
7. Never operate the unit with a damaged power cord or plug, or after it has been damaged in any way.
8. Do not use outdoors
9. To disconnect the plug, grasp firmly at the wall outlet, never pull on the cord.
10. Do not let the cord touch hot surfaces.
11. Never attempt to open any part or dismantle any part of the appliance. Responsibility for failure cannot be accepted if this instruction has been ignored.
12. This product is intended for household use only. Industrial or commercial use invalidates the warranty.
13. To reduce the risk of electrical hazards, it is recommended not to use an extension cord, or plug adaptor.
14. Always ensure the unit has cooled down before storage.
15. Avoid allowing any part of the straightener to come into contact with the face, neck or scalp.
16. **THIS APPLIANCE MUST NOT BE TAKEN INTO A BATHROOM OR USED NEAR BASINS OR ANY OTHER VESSELS CONTAINING WATER.**

KEY DIAGRAM

1
1. Ceramic coated plates to ensure fast heat-up and even heat distribution.
2. ON/OFF Switch
3. Thermostat / temperature control
4. Slim design to straighten short or long hair.

IMPORTANT INFORMATION

1. Ensure that your hair is clean, dry and tangle free.
2. Only hold the unit at the end of the handle. Avoid touching the tips.
3. Do not scratch the surface of the plates as this will deteriorate the effectiveness of the ceramic coating.
4. Do not style too close to your scalp, face, ears, neck or skin.
INSTRUCTIONS FOR USE

- Take extra care when using the straightener as it can get very hot.
- Plug in the unit.
- Select the best temperature suitable for your own hair type – Use lower temperatures for fine, bleached or damaged hair (1-4), medium temperatures for normal, wavy hair (5-8) and higher temperatures for thick, coarse hair (9-12).
- Slide ON/OFF switch to on. The lights go on, indicating that the unit is heating up. The red light will go off when the correct temperature has been reached.
- To make styling easier you may choose to section hair with clips or hair bands (not included in the pack)
- For best results, spray the hair section with hairspray or heat protection spray, prior to straightening.
- Always start from the back of the neck, working over the sides and finish with the front section. Always straighten the lower layers first.
- Take a small section of hair at a time, pull it taut and holding the appliance with the other hand, start at the roots and clamp the hair firmly between the plates.
- Run the straightener through the entire length of the hair, slowly and steadily, from roots to end, without stopping.
- Repeat until the desired amount of straightening has been achieved.
- Repeat the process all over the head, and when finished switch the unit off and unplug.
- Allow the unit to cool down completely before storing away. Ensure that it is out of reach of children and pets whilst cooling.

CLEANING AND MAINTENANCE

- Ensure that the unit is unplugged and cool. Clean the outside of the handle with a slightly damp cloth. Wipe the ceramic plates clean of any styling product build-up.
- Avoid wrapping the cord around the unit as this will, in time, cause damage to the cord.

STYLING TIPS

The straightener is great for all types of hair, long or short, thick or thin. Even hair that is normally very straight but quite thick and uncontrollable can be transformed into smooth, sleek looking hair with little effort.

If you wish to curl the ends under or even outward, this can also be achieved. Once you begin to use your straightener you will soon find the best application for your individual style.

SERVICE

Hints before returning for service:
1. Has the plug been wired correctly and are the wires tight under their screws?
2. Is your household socket working properly?

If service becomes necessary within the warranty period the appliance should be returned to an approved Amalgamated Appliance (Pty) Ltd. Service Centre. Servicing outside the warranty period is still available but this will be chargeable.
Warrant

1. Tedelex Trading (Pty) Limited ("Tedelex") warrants to the original purchaser of this product ("the customer") that this product will be free of defects in quality and workmanship which under normal personal, family or household use and purpose may manifest within a period of 1 (one) year from the date of purchase ("warranty period").

2. Where the customer has purchased a product and it breaks, is defective or does not work properly for the intended purpose, the customer must notify the supplier from whom the customer bought the product ("the supplier") thereof within the warranty period. Any claim in terms of this warranty must be supported by a proof of purchase. If proof of purchase is not available, then repair, and/or service charges may be payable by the customer to the supplier.

3. The faulty product must be taken to the supplier's service centre to exercise the warranty.

4. The supplier will refund, repair or exchange the product in terms of this warranty subject to legislative requirements. This warranty shall be valid only where the customer has not broken the product himself, or used the product for something that it is not supposed to be used for. The warranty does not include and will not be construed to cover products damaged as a result of disaster, misuse, tamper, abuse or any unauthorised modification or repair of the product.

5. This warranty will extend only to the product provided at the date of the purchase and not to any expendables attached or installed by the customer.

6. If the customer requests that the supplier repairs the product and the product breaks or fails to work properly within 3 (three) months of the repair and not as a result of misuse, tampering or modification by or on behalf of the customer, then the supplier may replace the product or pay a refund to the customer.

7. The customer may be responsible for certain costs where products returned are not in the original packaging, or if the packaging is damaged. This will be deducted from any refund paid to the customer.
